## POKéMON LOCATIONS

## Introduction

This document lists the locations of every Pokémon in the game. That includes:

- Wild Pokémon
- Gift Pokémon
- Static encounters (Legendaries, Kecleon etc.)
- In-game trades
- Other special encounters (e.g. the newly added berry tree encounters)
- Unobtainable Pokémon

Note that **all Generation 8 Pokémon are currently unobtainable**. They'll be made available in a future update once most of their moves and abilities work correctly.

Please use **CTRL + F** or your mobile device's **search function** to find the Pokémon you're looking for! This is a long document and it's very easy to miss a Pokémon if you just skim read it.

Also, don't forget that Pokémon can evolve! Basic stages aren't all catchable, so try looking for ALL of a Pokémon's evolved forms before asking where to find it in the hack's thread.

That said, if you've looked and genuinely can't find where to catch something (maybe it's missing from the document), feel free to ask!

## Honey Encounters

While standing in grass, you can use Honey (an item you can buy in Pokémon Centers after earning the Stone Badge) to start a wild battle with the Pokémon listed in the Honey section of the encounter tables. These usually have a high chance to be an Audino, which gives out a lot of experience and commonly holds an Oran Berry.

## BERRY TREES

At each stage of a Berry Tree's growth, there's a chance of encountering a Pokémon. These encounters are the same on every tree in Hoenn. There are a few things to note about this:

- Each stage of growth has a different set of possible encounters.
- Whether or not you get an encounter at each stage is decided when the Berry is planted, and you'll only get one encounter per stage.
- The species is randomly chosen from the tables below. If you get an encounter, you can soft reset to get the species you want.
- Repels will work on these, so you can avoid them if desired.

## GIFTS & TRADES

Like almost every Pokémon game ever, some Pokémon can't be found in the wild, but are instead given to you by an NPC. Gift Pokémon and their locations are as follows:

### ONE-TIME GIFTS

SPECIES	LOCATION	NOTES
One of any starter Pokémon	Route 101	Before leaving their house, your rival will ask which region the Pokémon in Birch's case came from. Your answer determines which set of starters you can choose from. E.g. if you say "Kalos" you'll be able to choose between Chespin, Fennekin and Froakie.
Audino	Verdant Glade	Gift from the only NPC in the map.
Wynaut Egg	Lavaridge Town	Gift from old lady by the hot springs.
Castform	Weather Institute	Gift from scientist after defeating Shelly.
Meltan	Mossdeep City	Found in Steven's house after becoming Champion.
Cosmog	Littleroot Town	Gift from Professor Birch after becoming Champion.

### DAYCARE BREEDER

A breeder in the daycare will give you a Pokémon egg daily. When you first speak to her, the egg will always contain a Togepi with Extrasensory. Every day after that, the egg will be one of the species in the table below, and will also come with one of the moves listed. The species and move are determined randomly when you receive the egg.

## TRADE POKÉMON

In-game trades have been edited – they all want and offer new Pokémon, have useful held items, come with three perfect IVs, and may be in new locations. They also come with *terrible* nicknames, but you can change those at any Poké Center! They'll be the same level as the Pokémon you traded for them, unless that Pokémon is below the minimum level listed below – in that case, their level will be set to their minimum level. Details are as follows:

SPECIES GIVEN	SPECIES REQUESTED	DETAILS
Pawniard	Gothita	Location: Rustboro City Held Item: Moon Stone Ability: Defiant Nature: Adamant IVs: 31/31/31/15/15/15* Minimum level: 15

## FOSSIL POKÉMON

The scientist in Devon Corp. can revive all Fossil Pokémon, so that's where you'll need to go to get Kabuto, Omanyte, Aerodactyl, Lileep, Anorith, Cranidos, Sheldon, Archeops, Tirtouga, Tyrunt and Amaura.

You can find one of each fossil in the new Sandstrewn Ruins map, and can get more fossils by smashing breakable rocks.

## STATIC ENCOUNTERS

Some Pokémon (like legendaries and Kecleon) can be found in the overworld and battled. They won't respawn if defeated, so you might want to save before battling them!

SPECIES	LOCATION	REQUIREMENTS
Rotom	New Mauville	Switch off the generator, then try to walk away. This will trigger a mini event that will make Rotom appear.
Spiritomb	Abandoned Ship	To encounter Spiritomb you'll need to bring an Odd Keystone and Pokémon #108 (there are two valid options for this!) to the Storage Room in the Abandoned Ship. Talk to the trash can and Spiritomb will appear.
Kecleon	Routes 119, 120, etc.	There are a few of these that are all the same as vanilla Emerald.
Electrode	New Mauville, Aqua Hideout	All the Voltorbs in vanilla are now Electrodes instead.
Articuno	Shoal Cave	
Zapdos	New Mauville	
Moltres	Ember Path	
Heatran	Scorched Slab	You must have a Magma Stone in your bag to encounter Heatran. A Magma Stone can be found in the Magma Hideout.
Jirachi	Meteor Falls	Waterfall is required to reach Jirachi's room, which is a new area.
Diancie	Cave of Origin	Return to the Cave of Origin once you have 8 Badges. The Carbink stuck in the ladder will be gone, giving you access to Diancie's room.
Regigigas	Sealed Chamber	Have Regirock, Regice and Registeel in your party, then talk to the Regigigas statue.
Mewtwo	Altering Cave	Mewtwo can be found in the newly-added basement level of Altering Cave, which can only be accessed after becoming Champion.
Regirock, Regice, Registeel, Kyogre, Groudon, Rayquaza, Latias, Latios, Mew, Deoxys, Ho-Oh, Lugia	Unchanged	These Pokémon can all be found in the same place as vanilla Emerald. If you need more information, it shouldn't be hard to find a guide online.  Check the item locations guide to see where to get the ticket items needed to encounter Mew, Deoxys, etc.

## MYSTERY GIFTS

These aren't "proper" Mystery Gifts – they can be received from the old man in every Pokémon Center without going through the vanilla mystery gift system. You can only receive each of these once per save, and only once you've met the requirements. Also, you can only receive one at a time; if you have multiple gifts waiting, you'll have to claim the older gifts first.

There is no time limit to receive these Pokémon; they'll be obtainable in all future versions too. Also, they can all be shiny.

SPECIES	AVAILABLE FROM	REQUIREMENTS
Battle Bond Greninja (AKA Ash Greninja)	Version 1.8 onwards	Obtain the Heat Badge
Magearna	Version 1.8 onwards	Become Champion
Meloetta	Version 1.10 onwards	Obtain the Balance Badge
